## NEWS LETTER

JANUARY

SRIPERUMBUDUR

2024

# Principal Message

**Mr. A. Lourdusamy Antony**

This past year is one that provided me a variety of opportunities to learn, grow and become a better person and principal. As we turn the page into the New Year I want to encourage you to reflect on the positive memories of last year. It is important to honor the incredible work you have done to support your staff, students, and families you serve through this school year. Even when exhausted you continue to inspire and motivate your staff. If no one has told you lately I want you to know you are doing a phenomenal job. I hope you find this month's newsletter full of simple ideas to help bring laughter and joy to your work. Feel free to reach out to me if I can do anything to support your work or be a sounding board as you maneuver through this school year.

**At St. Joseph's Residential School, we ensure a safe, tranquil, stimulating and intellectually challenging environment for our students.** We endeavor to fulfil all the learning needs of students through shared collaboration and commitment to bring out the best in each of them. It is a great feeling to watch our dear children with a sparkle in their eyes, back on campus and engaged in what we all do best: Learn. As always, we believe that this new academic session will usher in a season of tremendous learning, numerous experiences and great achievements.

We enjoyed the **"FESTIVAL OF PONGAL"**, cooked in traditional earthen pots with colorful Rangolis spread across and conducted competitions to encourage students. I could see the joy in their faces and the air was filled with fun and frolic.

It is rightly said that 'Together, may we give our children the roots to grow and the wings to fly.' Let us continue on this path of togetherness and gear up to provide for these gifts of God all that they need for a better and secure tomorrow. Dear parents, I would urge you all to continue to instill in your children a sense of pride for their Alma Mater. This will encourage them to share their talents, learn with their teachers and become whatever they desire to be; thrive, bloom and flourish with us. I hope this year brings much adventure, myriad opportunities, initiatives, innovative practices and great learning experiences that prove to be a treasure trove of memories for us all. My dear children, let's begin this year with enthusiasm and be determined to persevere in the face of challenges. Perseverance in everything that we perform is significant. It is said that anything that is started with a positive attitude is already done. So when we begin the new session this time, make a list of the smallest, seemingly trivial ideas that will pave the way to success, make sure you do not lose your momentum and excitement along the way. Note your routine, your plan and stick to it. Be mindful of your time and move one step at a time towards your goal. At the same time, strive to be humble and compassionate, tolerant and loving, respectful and disciplined. Remember that protracted and patient effort is required to develop good character. These values will surely mould you into a balanced, endearing individual. Let's embark on this journey with renewed vigor, enthusiasm and passion to take up any challenge that life sends our way.

We started sharing with our parents, Public speaking activities and Birthday videos under the valuable guidance of our Respected Director. We have successfully completed our Board practicals also. It's time for you students to head towards the wonderful journey of making a milestone in your school lives by hard work and dedication by preparing yourselves for the Board exams.

**Let us entrust ourselves in the loving providence of Sacred Heart of Jesus. May Holy Mother Mary be our inspiration to fulfil the mission of touching lives through education.**
