2025

Principal Message

Rev. Sr. K. Reeta Roseline

A child is like a butterfly in the wind

Some can fly higher than others;

But each one flies the best it can

Why compare one against the other

Each one is special - Each one is beautiful

School years are crucial for development of good habits and character, instilling values in the children. We are committed to foster and develop the values of honesty and integrity, secularism, respect for elders, self-discipline. At the same time, we are constantly striving towards developing and enhancing "life skills" - the ability to communicate, to lead, to be a team player, to empathize, to deal with stress. Our aim is to keep our SJRS CAMPUS a happy place for the children to build up a holistic personality. Children should yearn to come to school and participate in all its activities. The SJRS shall always strive to be a place, **"Where the mind is without fear and the head is held high..."(Tagore)**

We aim at making our students capable enough to be self-directed and self-managed individuals who can confront the challenges of life without wavering. Our children are not only taught to fly high in the open sky of tremendous opportunities but also to stay attached to their roots. Our school has now earned a brand name for itself, which is known far and wide for its quality education and grooming of young minds.

Our school imparts value and skill based education bringing out the best in every child. We focus primarily on preparing our students to be worthy citizens, refined in heart and mind and skilled enough to achieve paramount goals. Our earnest effort is to provide a conducive learning environment to each and every student so that when they go out of the portals, they brim with confidence and emerge as the leaders of tomorrow.

Best Wishes !!!
