NEWSLETTER

NOVEMBER - 2025

Principal Message

Mr. LOURDU SAMY .M

Dear Students, Parents, and Staff,

Greetings from SJRS!

This month, I am pleased to note significant improvement among our students across academic, non-academic, and extracurricular areas.

At the primary level, students have shown remarkable progress in their **LSRW** (Listening, Speaking, Reading, and Writing) skills, along with enhanced **communication** abilities. Middle school students actively participated in various co-curricular activities, which enriched their subject knowledge and overall learning experience.

Our **result-oriented stream** students remained focused and consistently attended the regular revision test series, demonstrating dedication toward their academic goals.

We also organized two health camps - **dental and eye check-ups** in which students participated enthusiastically. These initiatives supported their well-being and created awareness about personal health.

Additionally, our admission team worked proactively to promote admissions for the upcoming academic year.

Overall, this month has been extremely productive, filled with learning, growth, and new experiences for both students and staff. We look forward to the coming months, confident that they will provide an even stronger and more enriching learning environment for our students.

Regards,
Principal
SJRS

Best Wishes !!!
