2024

Principal Message

Rev.Sr.K.Reeta Roseline

Success for all students is ensured at our school by the delivery of an enriching, child centred, balanced and structured curriculum and a whole school focus on student welfare that focuses on the positive recognition of student achievements. Teachers at SJRS are highly qualified and experienced educators who are committed to supporting each student's learning experience through quality instruction and guidance that addresses the needs of the individual child. Teachers work to provide students with differentiated support that address each student's specific needs both academically and socially.

I, personally believe that an education system that develops the imagination of the child is richer than the one that does not. The imagination is where new ideas are created and progress becomes possible. "Imagination is more important than knowledge" because knowledge is about what we already know, whereas imagination is what moves individuals and cultures forward. Imagination leads to innovation. SJRS will surely give much importance to imaginative and play way methods, especially in Kindergarten.

We firmly believe that the parents are their child's first and most important teacher. Parents play a vital role in the education of their children. We happily welcome all our parents to take an active role in the education of their children and to be the active participants in our school life. Get to know the staff, especially the child's teachers and assist where you can so we can work together in the interests of everyone. I am eager to work with our parent community in supporting their children in their education. We always strive to build strong parent teacher relationship which is very important for the academic success of our students.

We are very sure that with the help of all the stakeholders and with their continuous support, we will be able to take our school to the next highest level of excellence. At our end, we shall continue working with you for the best interests of our beloved students and our community at large. My commitment to our student's community is to lead the school with enthusiasm and passion to enable us to reach our goals. Let us work together to make SJRS as the best school, it can be. We look forward to welcoming you to be part of our vibrant learning community.

"Let noble thoughts come to us from every side"

Best Wishes!!!

ACADEMIC INITIATIVES

Every Monday and Friday **Common Assembly** is being conducted. Every class takes turn per week and conducts assembly and celebrates the special days.
