Rev. Sr. K. Reeta Roseline

“Education Is What Remains After One Has Forgotten Everything
He Has Learnt In School”. - Albert Einstein

We, the **SJRS** endeavor to provide sufficient opportunities to each student to understand and discover themselves and to face and overcome challenges presented to them to make school life fulfilling and complete. We take pride in helping them grow and develop into sensitive and responsible well-rounded personalities of the next generation.

Our life is a journey. We learn and experience something new everyday. We not only impart in-depth knowledge of a particular subject but at the same time also ensure competent and constant growth of the students. Problems exist in everyone's life but **we frequently remind the students not to be afraid of failure but strive hard to achieve success for excellence and good leadership.** It is possible when we build up good leadership. It is possible when we build up good attitude and conduct. We also learn to become disciplined to see things in proper perspective. There are ups and downs in life and we need to accept the challenges and win it at all costs. Physical work and games enable the students to cope up to be fit and healthy persons. If you work hard then goals are achieved easily. Consequently, our struggles will vanish within no time and our achievement will be remembered.

Target must be “Simple and Challengeable”

Thoughts must be “ Pure and Positive”

Then life will always be “ Meaningful and Beautiful”.

ACADEMIC INITIATIVES

On 01.07.2024 **badges were pinned up for the class monitors** and the assistants in the morning assembly. Our Principal Rev.
