# Principal Message

**Rev. Sr. K. Reeta Roseline**

A school plays a crucial role in shaping a child's future. Not only does this include the provision of education and ensuring learning, but moulding the character, morals, and value system of the child as well. A school provides the foundation needed to view the world as a limitless space providing innumerable opportunities to shine.

We, at SJRS strive to provide education that explores, challenges, and grooms every aspect of the child's personality. While we are determined to provide seamless learning targeted towards excellent academic performance through the incorporation of the latest teaching approaches, we also ensure that we are actively working on the physical, social, emotional, and spiritual training of our children.

We believe that all children can learn and commit to nurturing the potential in each child. We focus on contextual learning based on a constructivist theory of teaching & learning to provide techniques such as problem-solving, learning by doing & inquiry-based learning activities. Our teachers help students to test their ideas, draw conclusions & inferences in a collaborative learning environment which transforms the students to become active participants in the learning process.

Our teachers are professionally equipped to develop adapt and modify curriculum content, pedagogy & assessment which suit the needs and aspirations of our students. We work towards a holistic, experiential, integrated, student-centered educational system that helps to improve the creativity, critical thinking, and problem-solving skills of our young learners to equip them for the ever-changing employment dynamics and global ecosystems.

We educate our children to change the world through peace, empathy, and fraternity and place great emphasis on inner values.

Our sincere gratitude to all the stakeholders of SJRS i.e. the management, staff, parents, and students for keeping your trust and belief in the school. We will continue with the spirit of inculcating ethics & ethos in young minds with aplomb and dedication even during this tough time.

We look forward to working together to support every child to fulfil the school motto: "Fully Human And Fully Alive".

Wishing all our children a happy and successful journey of learning!

**Best Wishes !!!**
